## Candidate for Member

### National Audit & Corporate Compliance

“Paradigm Shift for Value-Add Auditing”

# The 5 Why's

In my professional experience as an auditor, the 5 Why's is a technique used in auditing to identify the root cause of a problem so as to fix the problem rather than putting a band-aid on the symptom. This technique is not limited to auditing. It can actually be applied when trying to solve any problem.

As I sit in contemplation, I ask myself; “why am I doing this?” In concluding the reiterative why, the root reason is a no-brainer. I am running for the office of Alumnae Member of National Audit & Corporate Compliance because membership in Delta Sigma Theta is a lifetime commitment. So, I press forward with uncompromising DST Fortitude; uplifted and inspired by a Campaign Team which is unequivocally second to none. With the support of the team, my website [delorisforaudit.square.site](#) has been launched. Please visit the site for a synopsis of my candidacy. It is brief (*well somewhat brief*), to the point and informative.
